EXPLANATION

The columns in this booklet designated "Ratio" mean ratio of baptisms to membership. For example see Alexander Association on page 1. The ratio for 1958 is 1:18. That means it took, on an average, eighteen church members one year to win one person to Christ. On the same page note that the Beulah Baptist Church has a ratio of 1:7. This means that it took seven church members one year to win one person to Christ in 1958 in this church.

Of course it is a well known fact that all church members are not praying, living, and working to win lost people to Christ. What the record would be if we were! That poses our greatest task. It is to get all church members dedicated to Christ and to His total redemptive purpose in the world.

One year's record in baptisms is not enough to show a true picture of the spiritual life of a church. So this booklet carries the record for two years. Next year we expect to put out a booklet showing the baptismal record for three years. But the record shown herein is complete enough to reveal that the need is great for a fuller dedication to Christ throughout the state.

The ratio of baptisms to church membership in the Southern Baptist Convention for 1958 is 1:22. The ratio in the North Carolina Baptist State Convention for 1958 is 1:25. To say the least, this constitutes a challenge for North Carolina Baptists! You will observe on pages 84 and 85 that almost two thirds of the associations in the state have a higher ratio than Southern Baptists as a whole. This means that in two thirds of the associations in North Carolina it took more church members to win one person to Christ (many more in some) than it did, on an average, for the entire Southern Baptist Convention. With at least 2,000,000 lost people in our state today, we must let the Holy Spirit use us NOW to win them to Christ and to His total redemptive purpose in the world. Next year will be too late for many of them!

CONTENTS OF THIS BOOKLET

Pages 1 to 83: Record of Baptisms In Churches by Associations With
Those Having the Lowest Ratio for 1958 Listed First

Pages 84 and 85: Record of Baptisms In Associations With Those Having
the Lowest Ratio for 1958 Listed First

Pages 86 - 88: Record of "The 100 North Carolina Baptist Churches
Leading in Baptisms for 1958"
